Herman Williams the retired Founder and President/CEO of FCAA receives his first Covid-19 shot at the CFCE drive thru.

All COVID 19 vaccines at CFCE are given in the drive-thru.

CFCE Employee Recognition Awards

Each year the employees of CFCE are recognized for milestone years of service. Normally the awards are announced and distributed at the annual holiday party. Due to the pandemic, the luncheon was not held face-to-face, but the awards were announced during the all staff virtual meeting via Zoom. This did not deter these outstanding employees from enjoying the recognition by our CEO Delores Dunn and Human Resources Leonor Rosario. Congratulations!

Lance Jackson receives his five year plaque.

Geneva Hicks has been with CFCE over 15 years!

Wanda Brantley is a long time CFCE employee. She has been with CFCE for over 20 years.

Ellieton Lewis has worked in several departments at CFCE. He was recognized for his five years of service.

CFCE Employee Special Recognition

Dunn	Delores	30	Administration

A Night To Remember at the Historic Hampton House

Twin sisters Jessenia and Jocelyn are two of CFCE's finest youth. They enjoyed their very first live concert at the Historic Hampton House (HHH) in Brownsville, Miami on Saturday, 3/27/21. The concert featured R&B/Neo Soul celebrity artist Eric Benét. Miami's own sultry songstress, LaVie, opened the evening.

It took a team effort to pull off this amazing evening. We appreciate CFCE staff members Amelia Young, Philippa Francis and Bobby Wellons for everything they did to get the girls safely to the concert and for all that they do for our children each day.

A *HUGE* thank you to Mr. John Wollman for his generous ticket donation to Kids for Concerts. You gave our young ladies a night that they will never forget!

Shopping for new outfits. A girl has to have something to wear!

Philippa making a fashion statement with her matching BeBop2HipHop mask.

The ladies strike a pose with HHH Board Member Michelle A. Prescott, Esq.

The twins are all ready to go and enjoy!

What an incredible show and a wonderful evening!

Islamic Center Visit to Promote the Flu Vaccine

Forging new and existing alliances in our community is vital to creating lasting and meaningful personal connections with health. The vaccination effort that took place on March 19th, 2021 at the Islamic Center of Greater Miami helped to promote new relationships between CFCE's Health & Wellness Center and Miami's Islamic community.

Doctors and staff from our Pediatric & Family Health and Wellness Center engaged with the worshipers and had critical conversations regarding health and their values. One member stated that "we cannot turn a blind eye to the tools (vaccines and medicine) that were created to protect and nurture us." Conversations like these are significant as they will serve as channels for future dialogue.

Dr. Anan administers a flu vaccine to a Center Member.

Leaders from the Islamic Center greet the Health & Wellness center staff.

If you have an inspiring story about a CFCE employee or client, we would love to hear it!

Pre-school visit to KC Kiddie Care by the CFCE Family Health and Wellness Center

Basic hand hygiene continues to be a critical component in lowering the rates of flu transmission. Our children are the most vulnerable when it comes to viral transmission as they are not too keen on proper hand hygiene. KC Kiddie Care, a preschool and daycare center located in Miami Gardens allowed CFCE and staff from the Pediatric & Family Health and Wellness Center the opportunity to come in and sharpen their hand hygiene skills. Dr. Hussein Anan and APRN Samorah Gilles gave demonstrations on how to properly wash their hands and how to use alcohol-based hand rubs. The children were excited to show us what they learned.

Children at KC Kiddie Care learn the proper way to wash their hands.
